

Your Spirit Is Strong

Hear the sound of generations	To You we surrender
All in all we come together	Oh lead us forth oh Lord
We're crying out for You	For now is the time to show out Your love
See Your angels they sing out your song	we're moving forward we'll wait no more
We want to show your love to this whole wide world and	Because Your spirit is strong
bring them back to You	Your spirit is strong
The time has come on this earth now	Oh abandoned hearts with a battle cry we move
take your place oh Lord my God	To You we surrender
reveal Your love, Your mighty hand for all the world to	Oh lead us forth oh Lord
see	For now is the time to show out Your love
The time has come on this earth now	we're moving forward we'll wait no more
take your place oh Lord my God	because Your spirit is strong
reveal Your love, Your mighty hand for all the world to	Your spirit is strong

Together as one we'll go	
Living out loud forever we shout
