

Ablaze

Saviour Jesus Christ
Come to purify my soul
Master hear my plea
let me serve you all my life

I am ablaze for you Lord
I wanna go out and spread your love
I am ablaze for You Lord
Together We're setting the world on fire.

Spirit give me strength
Pour Your power unto me
Take me to the place
That You have prepared for me

I am ablaze for you Lord
I wanna go out and spread your love
I am ablaze for You Lord
Together We're setting the world on fire.

I am ablaze for you Lord
I wanna go out and spread your love
I am ablaze for You Lord
Together We're setting the world on fire.

Spirit of God, descend upon me
Spirit of God, descend upon me
Spirit of God, descend upon me
With Your Holy fire

I am ablaze for you Lord
I wanna go out and spread your love
I am ablaze for You Lord
Together We're setting the world on fire

I am ablaze for you Lord
I wanna go out and spread your love
I am ablaze for You Lord
Together We're setting the world on fire
